“The Economic Survey 2019-20 builds on India’s aspiration of #Economy@5trillion with its theme of #WealthCreation. This Survey provides evidence to show that ethical wealth creation is an important national service. Those who create wealth are India's wealth! It integrates our old and rich tradition with contemporary evidence to emphasize that ethical wealth creation is a noble human pursuit. The Survey identifies two key pillars for furthering wealth creation in the economy – the invisible hand of markets supported by the hand of trust – and makes specific suggestions for job creation and wealth generation in the economy. I strongly recommend everyone to read the Survey and benefit from its ideas.”

- An international seaport with container cargo handling facility at Cochin
- Excellent communication network
- Highest density of science and technology personnel
- 100% literate workforce
- Highest physical quality of life index

Why Kerala

- India's most advanced society
- Rich natural resources - minerals, marine products, agri-products
- A range of industry - specific walk-in-and-manufacture environments
- Quality power and water supply Highlights of the Government Industrial Policy
- Pro-active government policies and pro-enterprise incentives
- Necessary assistance for marketing of industrial products
- Simple and transparent procedures for investment

Objectives

- To promote Kerala as a prime destination for industrial investments with environmental protection
- Mobilize establishment of Micro and Small Enterprises particularly in rural areas to achieve employment generation and utilization of local resources.
- Create cordial environment for ensuring the utmost value addition of the locally available resources.
- Market Kerala as a competitive investment destination for Foreign & Domestic Investments in Services, emerging industrial sectors (Biotechnology & Nanotechnology) and employment for skilled Human resources within the State.

Objectives

- Accelerate industrial clusters in the State.
- Augment Services & Commerce sector to create in house employment to the skilled and semi skilled manpower in the State
- Encourage environment friendly practices in enterprise development.
