

MANAGER (AUDIT)

LOCATION: KOCHI and BENGALURU

We are a CA firm headquartered in Kochi, tracing our origin roots to the year 1960. Over the last many years, we have been carrying on the profession of audit, assurance, tax and management consultancy services. We have openings for **Managers** in our Audit & Assurance group at Kochi and Bengaluru.

The selected candidate would be responsible for:

- Planning and performing operational and financial audits.
- Identifying business process risks.
- Developing testing methodologies to evaluate the adequacy of controls.
- Documenting the results of the evaluations.
- Developing recommendations and reports based on audits and presenting these ideas to senior management.
- Formulating professional development and educational plans for junior staff members.
- Planning and allocating resources and individuals in accordance with skills and schedules.

In addition to the skills listed above, the incumbent must be as technically proficient with tools and software programs available for auditors and enterprise resource planning systems like SAP and Oracle as well as other technologies which are critical to success and ongoing career progression.

Qualifications and Experience:

- Chartered Accountant.
- 1 to 2 years of work experience in audit groups of Chartered Accountant firms.
- **Work experience with ISQC exposure in global audit firms will be an added advantage.**
